ANDREW STRIJK - 200 game and 2013 Premiership player

I would definitely encourage Past Players and Officials to get on board the Falcons as some of our younger players have really developed into good league footballers i.e. Charmers, Keitel, Meadows and Lynch.

The development of these players are only a few of the potential talent we have in the squad. The future looks bright at West Perth and I strongly believe a successful finals campaign is only around the corner.
