Audience: Club administrators

Summary: AFL is moving to new platform, PlayHQ, in 2022. On boarding process will start shortly. In October, PFL will conduct training sessions.	Action: - Determine which club administrator will onboard your club
--	---

Background

Nationally, AFL will be moving from SportsTG to a new sports administration platform, PlayHQ. The move across to PlayHQ will be in time for the 2022 transfer period, November 1st.

PlayHQ will be more user-friendly for administrators, volunteers, members and parents. State and League Administrators have been working with PlayHQ to ensure the platform will meet our requirements. Although, some functionalities may be developed after we have moved across.

Auskick and the Northern Territory league have already been moved across to PlayHQ in a "soft launch". Shortly, the onboarding process for all other leagues will begin. You will likely be contacted with regards to the move by PlayHQ in the coming weeks as the onboarding starts.

Training / Onboarding

Jill Saunders will be conducting a series of training sessions at Tuart College throughout October. It will be a small group training, where we will cover:

- Platform Navigation
- Player registration
- Player transfers
- Club requirements

It will be compulsory one committee member per club is in attendance at one of these initial sessions.

After one of the initial sessions with Jill, there will be further sessions for those who elect to attend. These sessions will cover further platform functionality.

Any further training sessions required can be arranged with Jill.

More information will be sent closer to October. For now, Clubs' focus is to finish the 2021 season off strong.

If you have any questions about the process please contact Jill Saunders.
