Perth Football League Affiliation Fees

What is the role of the Perth Football League

Our role is to articulate a vision and direction for the league to ensure it is sustainable and relevant now and into the future while also leading a safe, empowered and enjoyable environment for all clubs.

This is an ever increasingly challenging process with an increase in clubs and team numbers coupled with an increase in costs across the board.

How the PFL adds value to you and your club?

The PFL is committed to increasing the value and support that it provides the clubs with an aim to reduce the workload on volunteers. With this in mind a key addition to the PFL this year is the inclusion of a Club Development Manager. The position has been appointed and will commence on the 8th of May. Further information will be circulated about this role and the individual in due course.

Additionally, specifically the value that you the clubs receive for your fees include:

- Public Liability and Asset Protection insurance negotiated through the Perth Football League
- Personal accident insurance for individual members to keep everyone protected at training, events and competitions within affiliated clubs and at sanctioned events
- Dedicated and specialist Perth Football League staff on hand to assist you with a range of advice and support services including integrity, player welfare, coach education, club development, data and research, digital insights and marketing tools
- In-season ground hire paid on behalf of clubs
- Access to technology projects and small grants program to support and reduce the workload of volunteers
- Access to a professionally developed suite of marketing materials to assist you to locally promote your club and grow your participation
- Allocation of match footballs delivered to the club

- Umpires for all finals matches
- Coordination of and coaching of all umpires for every match
- A table at your end of season Awards & Medal Presentation Night
