

# Shark Pack 2021

The Mid West Academy of Sport Shark Pack team played in the WAFC state 15's talent carnival on Monday and Tuesday in Perth. This team is part of the MWAS Football Development Program and forms the start of the representative pathway into playing WAFL at East Fremantle. The carnival was played against the talented athletes from the other regions of WA through the alignments with the WAFL clubs. Our team was made up of 26 boys from all the GNJFL clubs and was coached by Stu Gerreyn, who is a highly skilled coach who specialises in the development of young athletes.

"Our focus throughout was purely on developing our athletes to show them where they currently are skill wise and of the things they need to do to go to the next level" Darren Winterbine – CEO of the MWAS. "the boys were impressive and all showed that they can handle playing at higher levels. East Fremantle were very happy with what they saw and will be giving opportunities to play in their Futures (U16 team) next year to several of our boys", Winterbine said. "Even if the boys don't get to play for EFFC next year there will be plenty of opportunities for them to develop within our program and through the GNJFL system and into Colts.

The Shark Pack team is hosting the State U15 team here in Geraldton on Friday 23rd July at Towns oval – bounce down 5:45pm. This will be a great test for our boys and should be a fantastic game against the best 14 & 15 year old boys who are travelling around WA to play teams as the National Carnival was cancelled.

Scores:

**Mid West** def Great Southern (Claremont)

8.12 (60) 6.3 (39)
