--	---

WAFC is seeking expression of Interest /Applications for the Community Facilities Fund.

The WAFC Community Facilities Fund aims to supplement efforts at a strategic level to ensure football has access to quality facilities to support the future growth of the game. It is the intention of the WAFC that the CFF acts as 'seed' funding to attract additional funds to football facilities.

The WAFC Community Facilities Fund is available to all WAFL clubs, District and Regional Football Development Councils, and incorporated junior and senior community football clubs. Funding priority will be given to:

- projects that are of strategic value to football and align with identified WAFC Strategic Facility objectives; and
- projects that maximise additional funds attracted to football through either Local, State or Federal Government funding sources.

If your club is interested in enquiring about funding please contact Matt Hansen 9287 5507 to discuss your project. Please note the CSRFF small grants application process is currently open so there is further opportunity to apply for funding. Proposals will need to be discussed with the WAFC before March 9th, 2018.
