With fixtures now released we will be starting to put together a schedule for Perth Footy Live this season.

If your club would like to host Perth Footy Live at a match this season please let us know which date you would prefer and why. We are looking for any events in particular that you may be hosting at your club on these days – Charity Matches, Past Player Days etc.

Our ideal time slot is 2.30pm however changes can be made to accommodate particular games. Priority will be given to clubs who did not host Perth Footy Live in 2019 or 2020.

The host club will need to supply power, a place for the team to set up a platform on the boundary and some people to interview during the broadcast.

Perth Footy Live is a weekly online broadcast streamed live on the Perth Football League Facebook page brought to you by Carlton Dry. During the interrupted 2020 season, the broadcast reached just under 200,000 screens.
