

The WA Football Commission Regional Roadshows are a key strategy in assisting us to deliver quality participation outcomes throughout WA. The aim of each roadshow is to provide education and share best practice in the areas of Umpiring, Coaching, School Engagement, Club and Volunteer Development. Whilst also providing an opportunity for discussion on local issues relating to Football.

The Regional Roadshows have been made possible through the support of the Department of Sport and Recreation and we thank them for their continued support of Football in WA.
