- Do you have a fever or recently had a fever (including night sweats or chills)?
- Do you have a cough?
- Do you have shortness of breath?
- Do you have a sore throat?
- Are you waiting for results of a COVID-19 test?
- Have you had close contact with someone who has returned from overseas in the last 14 days?
- Have you had close contact with someone who works in healthcare, aged or residential care, who has had direct COVID-19 patient contact?
- Have you been notified by a state or territory public health authority that you are a close contact with someone diagnosed with COVID-19?
