COUNTRY CHAMPS

At the recent NutrienAg Solutions Country Championships the GNFL took 2 strong teams to Perth to compete in the Colts and Mens divisions. The Colts team got off to a flyer, before faltering and narrowly missing out on a Grand Final berth. The Mens team asserted it's dominance early in Division 2, before navigating their way into the Grand Final. In a physical contest in the rain the GNFL provided too classy and got the win. This sees them find their way back in Division 1 next year.

Congratulations to all players who represented their League, and well done on all volunteers and support staff for putting in the hard yards!

Not only did the players go down, but the GNFL also had a number of umpires take their whistle down and strut their stuff. Well done to the umpires who officiated in the Championships!

A special mention to Kim and Jayden Schofield (Chapman Valley FC) who were selected in the All-Star team. Kim also took home the Player of the Championships for Division 2.
