Note information provided</li><li>2. Update club systems and processes as required</li><li>3. Circulate relevant resources to members and volunteers</li></ol>
---	--

Recently, the WA Government has announced that the new WHS Act and accompanying regulations have come into effect. (March 31, 2022)

The changes, which bring WA closer in alignment to other Australian state and territories, require an update of safety systems and practices.

The Perth Football League are committed to assisting our clubs in navigating this change by providing necessary templates, resources and up to date information on our website as it comes to hand.

The attached slide deck provides vital information relating to relevant changes to the Act and impacts on club practices.
