

Mosman Park Juniors annual trip to Kununurra

Group shot of the travelling players and local KJFA members

Chris Acklin - Club Registrar: "Traditionally, we've taken our boys' team and their parents to Kununurra for the annual Year 8 footy trip, but this year we included both boys' and girls' teams. Organizing 100 people's travel from Perth to Kununurra for 3 nights was a major logistical feat. Thanks to a great parent response and raising \$135,000 through BBQs, dinners, raffles, and other events, we made it happen. We arrived on Friday and enjoyed a relaxed day before meeting the Junior Footy community at Ag Oval for two unforgettable games—girls at sunset and boys under the lights. The camaraderie among the kids was heart warming."

On Saturday, we visited El Grotto swimming hole, Diversion Dam for croc spotting, and the Ord River Distillery before returning for the women's and men's semi-finals, which were a highlight of the trip.

Sunday featured a spectacular sunset boat tour of Lake Argyle. On Monday, some girls helped at the local school while others went fishing and croc spotting at Home Valley. We then flew back to chilly, grey Perth.

On a scorching day in Wyndham, the Dockers Shield School Carnival facilitated by the WAFC and Garnduwa, brought together the vibrant energy of six schools for a scorching Term 3 school football competition. Under the blazing sun, students from St Joseph's Wyndham, St Joseph's KNX, Wyndham District, Purnululu, and Halls Creek competed in multiple AFL 9's style football at Clarrie Cassidy Oval.

Big thanks to all the schools for the commitment and travel, OVAHS and KAMS for providing the schools who were on a bye, health and wellbeing educational sessions, as well as Ben DeMeo from the Fremantle Dockers to come across from Broome and support the event.
