SECTION 1: SPIRIT OF THE GAME

BY-LAW 1.1 SPIRIT OF THE GAME

- 1.1.1 The objective of the League's Spirit of the Game is to recognise that there is a critical element of the conduct of a game of Australian rules football that cannot be the subject of written rules nor of regulation by the administrators of the competition.
- 1.1.2 This element is the fairness, decency and honesty which coaches, players, umpires and spectators must bring to the conduct of the game on every occasion and in all situations, which arise in the conduct of the game.
- 1.1.3 Football games are played to be won, and football is a contact sport so it is expected that games will be hard fought and physically demanding. However, the League also requires that each game is played within both the written rules of the game and the Spirit of the Game.
- 1.1.4 Each participant is personally responsible for ensuring their behaviour is fair, decent, and honest.
- 1.1.5 The desire for victory must not outweigh:
- a) the ideals of sportsmanship which are the foundation of the game, and
 - b) the reputation and integrity of the League and its competitions.
- 1.1.6 At the end of a game each person involved with the winning team should honestly be able to say that the team played fairly, decently, honestly and behaved in a sportsmanlike manner in victory.
- 1.1.7 At the end of a game each person involved with the losing team should honestly be able to say that the team played fairly, decently, honestly and behaved in a sportsmanlike manner in defeat.
- 1.1.8 Even in the heat of the game all participants must conduct themselves fairly, decently and honestly and with respect for:
- a) the opposition,
 - b) the League, and
 - c) the game of Australian rules football.

BY-LAW 1.2 AMATEUR STATUS

- 1.2.1 A player is only permitted to participate in the League as an AMATEUR.
- 1.2.2 The League defines an AMATEUR as one who does not receive or agree to receive, either directly or indirectly, any remuneration or reward whatsoever (whether by match payments or expenses or otherwise) in respect to their participation as a player in the League.
- 1.2.3 Any club which offers to make payment or makes payment, either directly or indirectly, including via a third party, by remuneration, earnings, or reward whatsoever—whether by way of match payments, sponsorship, reimbursement of expenses (including travel expenses), or otherwise—to any person to play in the League (except as otherwise provided for in these By-laws) shall be subject to penalties at the discretion of the Chief Executive Officer, which may include one or more of the following:

- a) Be ineligible for finals in any grade in the current football season.
- b) have its League team relegated to the grade below their current grade for the following football season and be ineligible for finals in that grade in the following year.
- c) A fine not exceeding forty thousand dollars (\$40,000); and
- d) Loss of premiership points or.
- e) as determined by the Chief Executive Officer.

1.2.3.1 Subject to By-law 1.2.14, the player who has received such remuneration shall:

- a) be fined a sum not exceeding \$2000; and
- b) have their registration to play cancelled pursuant to By-law A2.3 or until such time as a new application for registration has been lodged with and approved by the Chief Executive Officer.

1.2.4 Any person who requests payment from a Club Official, Coach or Club sponsor to play in the League, either directly or indirectly including via a third party, by remuneration, earnings or reward whatsoever whether by way of match payments, sponsorship, reimbursement of expenses, including travel expenses or otherwise except as set out in By-law 1.2.6 shall:

- a) be fined a sum not exceeding \$2000; and
- b) have their application for registration not approved or their registration to play cancelled pursuant to By-law A2.3 until such time as a new application for registration has been lodged with and approved by the Chief Executive Officer.

1.2.4.1 Where a request is made for such payment, the Club Official, Coach or Club sponsor shall report to the Chief Executive Officer the name of the person requesting payment. A club who fails to report a request shall be fined a sum not exceeding \$1000.

1.2.5 Any third party such as a sponsor which offers to make payment or makes payment, either directly or indirectly by remuneration, earnings or reward whatsoever whether by way of match payments, sponsorship, reimbursement of expenses, including travel expenses or otherwise to any person to play in the League except as set out in By-law 1.2.6 shall not be permitted to display their logo or branding at any of the League's matches which shall include but not be limited to the playing uniform and signage within and around the club until such time as the Chief Executive Officer determines otherwise.

1.2.6 Notwithstanding By-laws 1.2.2 and 1.2.3, clubs are permitted to provide for and make match day awards in recognition of performance not exceeding \$500 in aggregate for each team and \$200 for any player. Any club directed to do so in writing by the Chief Executive Officer or Competition Integrity Officer is required to submit a list of players who have received match day awards stating the value of the awards and the match or matches for which the awards were made. Any club providing awards or any player receiving awards in a greater amount than as determined by these By-laws to be the maximum sum allowed will be in breach of By-law 1.2.3 or 1.2.3.1 as the case may be and be subject to the penalties therein prescribed.

1.2.7 Any Club Official, coach, member or player upon being directed to do so by the Chief Executive Officer, Competition Integrity Officer, Disciplinary Committee or appellate body shall be required to answer questions directed to them and if required to do so, verify the answers by statutory declaration.

If any person upon being directed to do so refuses or fails to sign a statutory

declaration, in the case of a Club Official, coach or member the refusal or failure will be deemed to be a breach by the club of By-law 1.2.3, and in the case of a player be deemed to be a breach of By-law 1.2.3.1, and both the club and player will be subject to the prescribed penalties in By-law 1.2.3 or 1.2.3.1 as the case may be. The purpose of having information verified by statutory declaration is to ensure that persons providing false information may be subsequently prosecuted for declaring a false declaration. The Chief Executive Officer, Competition Integrity Officer, Disciplinary Committee or appellate body is not required to have answers verified by statutory declaration or to give any special weight to evidence verified by statutory declaration in determining whether a breach of this By-law 1.2 has occurred and may prefer evidence which has not been verified by statutory declaration in its absolute discretion.

- 1.2.8 Senior and non-playing assistant coaches may be remunerated for their respective services as a coach. Notwithstanding By-laws 1.2.2 and 1.2.3, the senior coach of each team in a club is permitted to be remunerated for their knowledge and service as a coach and play without forfeiting their amateur status. For the avoidance of doubt, an assistant coach is not permitted to be remunerated as a coach and play for any of the club's teams.
- 1.2.9 Only one senior coach is permitted for each team at the club. A club is required to provide the Chief Executive Officer with a written list confirming the senior and assistant coaches for each team in the club prior to the nominated date. Failure to do so will incur a fine as prescribed in Schedule A1.

D2.10.2 Prior to the commencement of the match, coaches are to discuss strategies to collectively work towards a fair contest between both teams to maximise participation for all players e.g. flow of the match, players of equal ability to be opposed to each other, players to stay in positions, players encouraged to pick the ball up, dominating players to be rotated for periods of play off the ball to encourage players of lesser abilities to increase participation.

This discussion must be documented and acknowledged by the signing of the pre-game team sheet by both coaches and both umpires to ensure all parties understand and agree on match strategies. The sheet will serve as a formal record of intent and agreement.

D2.10.3 Where a Coach does not, in the Umpires opinion, take reasonable steps to minimise winning margins to less than the Mercy Rule, the Umpire shall report the Coach to the League for 'bringing the game into disrepute'.
