How to determine a players PPV

A player will be graded at the highest points value that they have achieved in the previous 4 years, in addition to the current season, where they have met the relevant games played threshold in a season, unless they either:

- a) Haven't played football for three seasons;
- b) Have received a PPV reduction through loyalty for their club.
- c) Any player who has played, but has not met a games threshold, will be rated as a 2-point player. The only exception is if they have played WAFL League or WAFL Reserves (or identified interstate equivalent). In these instances, they will be rated at the player points value below the highest level played. (i.e. if the highest level the player has played is 6 games of WAFL reserves, they will receive a three-point rating).
- d) Are a CFWA player who participates in the NTFL, in what is the CFWA off season, and then returns to play with a CFWA club the following year. In this instance the player's points value does not change (unless a loyalty reduction is applicable).

Loyalty deduction

A player will receive a 1-point reduction for each season of service (5+ games) commencing at the start of their 3rd consecutive season with the same club.

Their total point allocation will reduce by one point each year until they reach one point.

EXAMPLE

A 5 point ex WAFL League player will reduce to a;

4 - point player in his 3rd season

3 - point player in his 4th season

2 - point player in his 5th season

It is up to clubs to request a players points value be reviewed should they be eligible for a loyalty reduction or if a player is eligible because of the 5 year look back playing history. This must be done to the League.

The 'More' tab is active, and a dropdown menu is open, highlighting 'Player Points' with a red box. Below the menu are filters for 'All days' and 'All genders', a 'Reset' button, and pagination '1 - 2 of 2'. A table lists the following data:

2023 Mortlock Reserves	1 Team	Men	Senior	Reserves

At the bottom of the table, there is another pagination control showing '1 - 2 of 2' and '1 of 1'.

List of all players registered to the club will show up. Only the required players will have player points allocated to their profile.

Can we challenge a players PPV?

If any club considers that the points allocated to a player is inappropriate, they can submit an appeal to the League as soon as they have been advised of his points.

A League can approach the CFWA for assistance.

All player points allocations will be deemed as final once the transfer window closes (30th June) with any allocation to stand for the remainder of that season.
