A BRIEF HISTORY

Beginning in 1922, the Perth Football League has grown from what started as a small six team competition to the largest single organised football league in WA.

In its 98th year with 67 clubs, 261 teams and 11,524 registered players, the Perth Football League caters for male and female players as young as 16 to provide a quality high standard competition whilst accommodating considerable volunteer personnel and social supporters.

For many players the, Perth Football League provides a competition for those not wishing to endure the commitment to WAFL training due to study, career or simply a lifestyle that considers football as a recreational pursuit.

The Perth Football League is also the beginning point for many well known WAFL and AFL personnel, starting their careers in amateur football and becoming the football champions of tomorrow.

PRESIDENT'S REPORT

On behalf of the Board I would like to welcome you to today's Grand Finals. This year has seen continued evolution of our competition, with the introduction of a Player Points System and rebranding to Perth Football League. The rebranding providing a clear pathway for club footballers across the metropolitan area — from junior and youth competitions into the Perth Football League.

To the 11,524 registered players from 261 teams who represent the 67 Clubs that took part in the Perth Football League this season thank you for ensuring our league is the predominant senior community football competition in WA.

After the successful introduction of our women's competition in 2018, this season saw a third grade introduced, with an incredible 25 teams now providing inclusive environments for more than 1200 female footballers in 2019. Their season culminated last weekend — with the A, B and C Grade premierships won by Curtin University Wesley, Nollamara and Piara Waters respectively.

Congratulations also to Coolbinia on the 2019 Integrated premiership. This competition is one of the cornerstones of the league - exactly what community football is all about - providing an opportunity for people of all abilities to represent their club with pride.

The WA Football Commission recently commissioned a comprehensive analysis of the social return on investment of club-based football - which found that for every dollar of input the football industry produces \$2.16 worth of economic

and social benefit for WA — ultimately delivering more than \$225m attributable social benefits — an average of \$3,000 of social benefits per footy club member directly related to being involved in club football each season.

These benefits include physical and mental health, suicide prevention and support networks, social inclusion and connectedness, reduced recidivism, education and economic benefits, job matching and increased productivity. The incredible social return of football — in particular among our 67 senior community clubs — is made possible by the incredible efforts of volunteers who collectively contribute 2.2 million hours to support their clubs each year.

While today celebrates our best teams, before we do it is important to acknowledge the tireless efforts of all those volunteers who toil week after week - for nothing but the love of football and their clubs - who truly define our League.

The hard work of volunteers is augmented and amplified by the terrific support that we continue to receive from the WA Football Commission in collaboration with the State Government, as well as local governments and corporate partners Carlton and United Brewers, Midway Ford, West Coast Eagles, Burley, Australian Physiotherapy Equipment, Life Without Barriers and Skill Hire — who sponsor our finals series.

We look forward to seeing you on football fields across Perth again for our 99th season next year, building into our centenary celebrations in 2021.

The VAFA fought back leading at every break after the first term to defeat WA by 31 points. Ned Brennan was voted by the VAFA as WA's best player.

INTEGRATED FOOTBALL

The Perth Football League Integrated Competition welcomed the Mandurah Mustangs to the League in 2019. The Mustangs became the ninth club to join, taking the total number of teams to ten.

This year the competition was proud to announce a partnership with Life Without Barriers. Life Without Barriers are a leader in servicing clients from diverse cultural and social backgrounds. Both organisations support a shared vision to promote inclusion in sport for people with intellectual disabilities.

LIFE WITHOUT BARRIERS

On Friday 19 April two teams from the competition were given the chance to play at Optus Stadium in a curtain raiser. This year's match was a 'North v South' showdown as clubs north of the river played those based in the south. The curtain raiser was a chance to showcase Integrated Football to the wider community as well as giving the players a chance to step onto the hallowed turf.

The season culminated with the Grand Final on Saturday 7 September at Wembley Sports Park. Coolbinia defeating Willetton by 38 points to win their fifth Integrated Premiership in a row. Willetton's Tyson Worthington was named best on ground for his efforts in the midfield.

INTEGRATED STATE TEAM

Sixteen players from across the Integrated competition competed at the AFL National Inclusion Carnival held in Blacktown, NSW.

The week-long carnival ran from 15-20 July with Western Australia making the Grand Final in the Pool B division. Unfortunately, the side couldn't back up last year's premiership going down to Queensland by 30 points.

Three players from Western Australia were selected in the All Australian squad with David Hallows and Lyndsy Ashworth (Coolbinia) and Tyson Worthington (Willetton) chosen based on their demonstration of the AFL's values, Play to Win, Play Fair, Play with Passion and Play as One Team.

This is the third time David Hallows has been rewarded with All Australian selection (2015, 2018, 2019) and was chosen as a forward this year while Lyndsy Ashworth was chosen in the midfield and makes his second All Australian Squad after making the side in 2015.

Tyson Worthington made his debut as a state player in 2019 and was selected in the All Australian squad as a midfielder.

For the first time the All Australian squad will travel to Brisbane to take part in an exhibition match at the 2019 INAS Global Games in October. Held every four years, the INAS Global Games is the largest sporting event for elite athletes with intellectual disability.

HALL OF CHAMPIONS

The Hall of Champions was established in 2010 to recognise individuals who have made significant contribution to amateur football in Western Australia since inception in 1922.

The Champion category honours an individual who has made a long and significant contribution to the amateur league, with tireless voluntary work in various capacities for the love of the game often without seeking public recognition or reward.

Our High Achiever category honours an individual who commenced their football careers at club level within the Perth Football League and continued on to carve out greatness across the many levels of football.

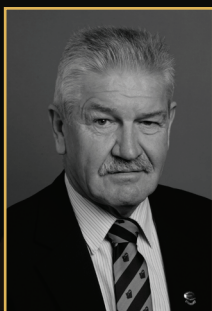

This year Milton Sanders and Peter Grosser were inducted into the Hall of Champions.

BOARD UPDATE

The West Australian Football Commission recently launched the most comprehensive study ever into the economic and social benefits of local football to the WA community.

Completed by ACIL Allen, the report assesses the social and economic impact of club-based football in WA and provides a measurement tool that will enable the WA football to track social impact on an annual basis.

In an industry-first, the report uses club-based participation as the key metric to quantify the social returns of the entire industry, which identifies that the broad range of community benefits from WA football include:

Every dollar spent by club-based football in WA creates two dollars of economic activity.

- WA footy generates over \$220 million in economic benefits to WA.
- \$110 million is spent directly, including almost \$16 million on supplies and services.

For every person employed by football directly, another job is created in the community.

- In total, the equivalent of more than 1,400 full time jobs are generated by football across WA.
- With the people employed by football directly also spending their money locally, the jobs created by football extend even further.
- This creates jobs in industries as diverse as health, catering, cleaning, photography and grounds management.

Club-based footy generates an additional \$225 million in social benefits to the community each year.

- The research shows that being part of a footy club provides participants with the equivalent of \$3,000 worth of social benefits in areas such as mental and physical health and personal well-being.
- Football is a sport that connects communities like no other, with 22 players and their families and friends interacting as part of the same team each week.
- Participants are physically active for almost three hours per week each year – even more than the 150 minutes recommended by the Heart Foundation.

Perth Football League General Manager David Armstrong said that we all knew the great benefits of community footy that go beyond just the game each weekend.

“The Perth Football League is a place to be active and connected to a community though a club which has mental health benefits.”

“ACIL Allen have proven what we thought, which helps us appreciate just how important footy is to the WA community.”
