Sandalford Wines

Phone: 9374 9374 Fax: 9274 2154 www.sandalford.com

The establishment of Sandalford Wines in 1840 coincided with both the first European settlement at the Colony of Perth and birth of Western Australia's world famous wine industry.

In 1970, the Company was one of three initial pioneers of the Margaret River wine region (275km south of Perth and today considered by many as one of the world's truly great premium wine growing appellations) when the first vines were planted at its 300 hectare vineyard located there.

In 2013, we are extremely proud to be one of the country's oldest and largest family owned winemakers.

The Company's Wine and Wine tourism operations and facilities have developed iconic status in the past 20 years since the Prendiville family acquired the business in 1991. Under their guidance, both the Swan Valley and Margaret River operations have been extensively developed, and today the Company's portfolio of wines along with its Wine Tourism, Concert, Retail and F&B facilities are recognised among the very best in Australia.

In one of the most sustainable wineries in the country we create our current collection of Prendiville, Estate Reserve, Margaret River Range and Element award-winning wines. With advanced viticultural practices and a progressive winemaking team, we have a long-standing reputation for quality and over-delivering at every price point.

See the special wine offer as per the Claremont Tigers website.

Swanbourne Cellars

Phone: 9384 2111 www.swanbournecellars.com.au

We stock an extraordinary range of wines from international brands to boutique wineries. As often as possible we taste for quality and value before buying, to ensure the most important thing – no matter what the label the quality is in the bottle.

Saracen Estate Wines

Phone: 9755 6099 www.saracenestates.com.au

Saracen Estates is located in the picturesque wine producing region of the Margaret River Wine Region, within Australia's south west corner.

The vineyard and cellar door/visitor complex is located on the beautiful rolling hills of the famed sub-region of the Willyabrup Valley. Here we utilise the ideal climate and soil together with the best in modern technology and age old traditions, to enable winemaker Bob Cartwright to craft wines of the highest quality.

The Margaret River Wine Region produces only 3% of Australia's total wine production whilst constituting nearly a quarter of the premium market: for a relatively young viticultural area the future is dazzlingly bright. Saracen Estates is a new winery in Margaret River and aims to be one the top wine producers within the Margaret River Wine Region, the awards and accolades we have received in our short history are a reflection of the quality of our product and our commitment and passion for the industry.

Saracen Estates has something for everyone. The Cellar Door offers a family friendly environment with a kids' corner and there is a playground outside the restaurant. Looking for a lovely spot to sit back and dine & wine in Margaret River, Saracen Estates is a must see in your South West Margaret River food and wine itinerary. Enjoy a taste plate or cheese platter for lunch, relax with a glass of wine beside our crackling fire or soak up the sun on our stunning decking.
