

## RED FLAG – Game Environment Filter

Protecting and enhancing our Game Environment will always be a strategic focus for Football. In 2016, we will see the ongoing enhancement of a Game Environment Filter, RED FLAG. This will assist in monitoring all football segments, and the standard of the environment and the spirit in which they are played. To this end an online filter has been developed whereby key football stakeholders are able to identify and bring to the attention of governing bodies any undesirable behaviours and actions that may breach any of the Codes of Conduct or By-Law 1 “The Spirit of Junior Football”.

The Red Flag notification is completed online with confidentiality assured within the process. Issues that are flagged that require official intervention will be overseen by the WAFC Participation Manager in consultation with the specific League Officials and WAFC District/Regional Staff. The Red Flag filter will apply to everyone involved in Football from coaches, spectators, and players to volunteers and Club Administrators.

Club Presidents, District Officials, Umpires and WAFC Game Development Staff will have authority to access the filter via the special link below ...

WAFC Red Flag 2016 (<http://forms.wafootball.com.au/view.php?id=340>)

This process will allow for the game to identify those individuals that are continuing to cause issues that negatively impact upon game environments.
